EARLY MORNING AUTO ACCIDENT

Machine Collides With Telegraph Pole Near City

OCCUPANTS INJURED

New Cadillac Car Virtually Wrecked, Had Been Taken From a Washington Garage Last Night.

People passing over Mount Vernon Avenue, at the Washington and Old Dominion Railroad crossing, a short distance north of this city, at an early hour this morning were startled to see a Cadillac automobile virtually wrecked and three men lying close by seriously injured. It was impossible to get any coherent statement from either, and two of them were hurried as quickly as possible to the Alexandria Hospital, where one, who gave his name as James Wyatt, was found to be suffering from a badly injured hand. His partner, who gave his name as James Owen, may lose the sight of one of his eyes, as it is seriously injured. After giving these names they lapsed into a torper, and it was impossible to induce them to give the details of the accident.

From the position of the wrecked car, it was apparent that when the party reached the crossing, instead of continuing north, they turned west, mistaking the railway for the road. They had proceeded but few feet when the automobile struck the stone capping of the trestle at that point, causing the machine to swerve and strike a telegraph pole. The car was evidently being operated at a high rate of speed at the time, as the glass from the windshield was buried into the pole. Had it not been for the stone capping the auto would have turned turtle and killed the occupants.

The third man, whose identity could not be established, and whose head was almost buried into the mud by the impact, managed to leave the scene, and his whereabouts are unknown.

Later in the day, detectives from Washington came to the hospital and recognized the injured men. They had given assumed names. The man whose hand had been mangled and who had given his name as James Wyatt, proved to be Thomas B. Walsh, of 307 Mary Place, Baltimore, and the individual whose eye had been injured instead of bearing the name of James Owen, proved to be Joseph Nevill, of 318 Mary Place, Baltimore. Walsh is a student at the Military Academy at Staunton. He was taken to Washington by detectives, and when Nevill shall have sufficiently recovered he, too, will be taken to the capital city.

According to the Washington officers, Nevill, who is about twenty years old, is employed by the agents of the Cadillac Company in Washington. The car in which the three men were seated had been taken from the garage about nine o'clock last night. The trio started towards Alexandria, from which point they made a run to Camp Humphrey, and the party were in the return trip when the accident occurred. The car had been reported to the police as stolen. It bore a D. C. tag 739, and a Maryland license 100-218. "M. T." is the monogram on the door. The machine, which is new, is thought to have cost about $3,500. The damage will amount to at least $1,000, it is believed.

AMATEURS SCORE HIT IN KATCKA-KOO

Crowded House Greets Players For American Legion

HONOR SHARED BY ALL

Final Performance to be Given Tonight And It Is Expected That Large Audience Will Witness Play

Local talent scored another hit last night in the musical comedy, Katcha-Koo, which will be presented again tonight, giving an opportunity to those who were not so fortunate as to see the initial performance to witness one of the best amateur shows ever seen in this city.

To select any one part for mention would be almost as impossibility; the leading part, Katcha-Koo, was taken by Mr. Allan Roberts, and no experienced actor could have enacted the various moods of this eccentric character to better advantage.

The Maharajah, Mr. A. D. Rhodes, was splendid, and his four wives, portrayed by Miss Eugenia Griffith, Miss Mary Nalls, Miss Hilda Schneider and Miss Margaret Howard, were most attractive and won rounds of applause.

Mrs. George E. Pickett made her first appearance before the footlights, though she has been one of the leading soloists of this city for several years, and it was hard to believe this was really her first stage effort.

Miss Nellie Selden Uhler, as Mrs. Chattie Gaddin, was indeed the voluble American tourist.

Miss Evelyn Howard shared honors with Miss Uhler and Mrs. Pickett, and her solo was particularly enjoyed.

Mrs. Ruth Ballenger and Miss Louisa Griffith, as Urbanah and Solajah, were most effective in their East Indian robes. Miss Griffith's performance was that of a finished actress.

Mr. F. G. Duvall and Mr. Edward Oliver as the two young American men in search of adventure were both excellent and received rounds of applause from the appreciative audience.

The large supporting chorus was unusually good and the young ladies were most attractive in the oriental costumes, and two special features, were the solo dance by Miss Spillman, introduced during the veil dance, and the solo by Miss Mary Hunt Roberts that followed the polo dance.

The children of the various groups in the grand finale, the Carnival of the Nations were well trained and divided honors evenly with the older chorus groups.

Tonight the performance will begin at 8:15 and it is anticipated the Opera House will be filled by that hour as all who saw the show last night were loud in their praise and will undoubtedly urge their friends not to miss such a splendid performance.

Mr. J. W. Johnston, of the John B. Rogers Producing Company, is a director of ability, as is evidenced by last nights' performance, and the local post of the American Legion was fortunate in securing the services of such a director for the first theatrical affair under their auspices.

Miss Ella Hill was the accompanist, assisted by a three piece orchestra.

CHAMBER COMMERCE

To Prepare For Resisting Increase in Car Fare—Hearing Tuesday Before Interstate Commerce Commission.

A mass meeting of all patrons of the Washington-Virginia (Railway Company will be held at 8 o'clock Saturday night in the auditorium of the Chamber of Commerce for the purpose of making plans to resist the movement for another fare boost on the line.

The company wants to increase the price of the twenty-five trip commutation ticket from $2.75 to $4.00 and this book only a few months ago was jumped by the Interstate Commerce Commission from $2.50 to $2.75.

A hearing on the increase will take place next Tuesday before the Interstate Commerce Commission and it is the desire of the Mount Vernon Commuters' Association to have Alexandria well represented at the hearing.

Had it not been for the protest entered against the proposed increase by the Mount Vernon Commuters Association the increased rate would have become operative April 27.

At the meeting Saturday night plans for having representatives at the hearing Tuesday and making other arrangements will be discussed.

The executive commitee of the Commuters' Association, the Chamber of Commerce and Citizens' Association at a meeting held last night, presided over by D. R. Stansbury, president of the Commuters' Association, discussed plans for the mass meeting Saturday night.

Tighten Divorces

Judge Barley Beginning Tuesday to Hear All In Open Court

That there is to be a more rigid examination into the question of residence of persons seeking divorce in the corporation court is indicated by an announcement made by Judge Barley this morning when opening court. The judge announced that beginning next Tuesday he would hear all divorce cases in open court, taking the testimony of the witnesses orally instead of by deposition as heretofore. He stated that he was actuated in this policy by the fact that he was not always satisfied from the depositions that the plaintiff had a bona fide residence in this state, and that in the second place it did not always appear clearly what were the causes leading up to the separation of the parties.

IN MEMORIAM

KRAFT—In sad but loving remembrance of our dear little nephew and cousin, Frank N. Kraft, Jr., who entered into eternal rest one year ago today, April 23, 1919.

Oft from our hearts comes the bitter cry,
Why, oh why, did little Frank die,
And then comes the answer so solemn and sweet,
Little Frank is not dead, he is only asleep.
Not now but in the coming years,
It may be in the better land,
We will know the meaning of our tears,
And then, ah then, we will understand,

WET PLANK LIKELY AT SAN FRANCISCO

Democrats Ignore Bryan Success as Babka Liquor Bill Appears

ISSUE IS CERTAIN

Measure Introduced at National Convention Would Permit 4 Per Cent Beers and 10 Per Cent Wines.

Washington, D. C., April 23.—A wet plank in the Democratic platform is practically assured, according to political observers at the Capitol. A fight such as has not been seen in the Democratic ranks in many a year impends at San Francisco between William Jennings Bryan and those members of his party who believe that a liberal stand on prohibition must be taken.

Although Anti-saloon League forces are declaring that Mr. Bryan has delivered a body blow to the beer and wine advocates in the Nebraska election, the rank and file of the Democrats are hearkening chiefly to the views of Norman R. Mack, New York, member of the Democratic National Committee, who has declared for a wet plank in the party platform.

The views of the Democrats may be summed up in the bill introduced in the House yesterday by Representative Babka, Democrat, of Cleveland, Ohio, to amend the prohibition act to permit beer, ale and porter with an alcoholic content of 4 per cent., and wine having 10 per cent of alcohol. Mr. Babka would also have States determine their stand on prohibition by a referendum. Any State voting "dry" under his bill, would be permitted to construe intoxicating liquors within the limitations of alcoholic content named by Mr. Babka.

In thus falling into line behind Governor Edwards, of New Jersey, the wet Democrats stand ready to incorporate their views in the party platform as one of the best means of drawing support to the ticket. That there will be a real fight is certain. It is not the intention to go on record in favor of repealing the prohibition act or the Volstead law, but since it is agreed that the Eighteenth Amendment should not have been adopted, it is maintained that the question of its adoption or repeal should now go to the voters, who are also entitled to pass upon the question of intoxicating beverages instead of having Congress define the term.

Norman E. Mack now looms up as the leader of the wets at San Francisco and he is an experienced hand. In the event that the wets triumph there is considerable speculation as to what Mr. Bryan will do. With a strong administration platform on the League of Nations issue and a liberal wet plank incorporated, there are many Democrats who believe that Mr. Bryan will refuse to abide by his party, but will once more kick over the traces and lead away a group of dry followers who will try to obtain recruits from the anti-Wilson forces.

DEMOCRATIC DELEGATES

City Committee to Arrange for State Convention May 16.

It is expected that the city democratic committee will meet in a few days for the purpose of arranging to send delegates to the Democratic State Convention to be held in Roanoke, May 16th. Very little interest is being shown here in the selection of delegates, as it is generally conceded by the leaders of the party throughout the state that there will be no effort to send an instructed delegation to the National Convention. The delegates will be left free to cast their vote in the convention for the most available candidate.

RAINEY LAUNCHES BITTER ASSAULT

Says Republicans Are Hoodwinking Soldiers on Bonus

TO BUY THEIR VOTES

Illinoisan Declares Men Who Made Money During War Should Pay The Bonus.

Washington, D. C., April 23.—Bitter partisan debate stirred the House yesterday when Democrats, led by Representative Henry T. Rainey, of Illinois, charged that the Republican majority is seeking to hoodwink the soldiers regarding bonus legislation, and that it is planned to saddle the common people with a sales tax to pay for the allowances, while the millionaire war profiteers are permitted to escape taxation.

Amid applause Representative Rainey declared the Republicans were trying to "buy the soldier vote with promise of $1.25 a day bonus.

Support of Mr. Rainey in his attack upon the sales tax was accorded by the insurgent Republicans opposing the scheme led by Representative Royal Johnson of South Dakota, who served in France.

Mr. Rainey made a vitriolic denunciation of the Steering Committee and the Ways and Means Committee as dominated by millionaires.

Democrats are being excluded from the meetings of the Ways and Means Committee framing bonus legislation, Mr. Rainey said. He characterized this as a "mean partisan move aimed at obtaining a political advantage over the Democrats."

When Rainey accused the Republicans of offering $1.25 a day for their votes.

Mr. Rainey declared that the men who stayed at home during the war received salaries never equaled in American industry before, while it is proposed to put off the service men with a mere $1.25 a day for the time they were in uniform. The people who made the money by the war should pay the bonus, he said. There were 23,000 new war millionaires, he continued and 69,000 men whose war-time incomes totalled three billion.

Mrs. George M. Minor Elected by a Large Majority

Washington, April 23.—The administration ticket in the D. A. R. congress headed by Mrs. George Maynard Minor as president general, won by large majorities in yesterday's elections. Mrs. Charles W. Richardson, the District of Columbia's candidate for vice president general, was defeated.

The number of votes cast totaled 1,252. Mrs. Minor received 1,249 of these, and one vote each was cast for Mrs. George C. Boyle, of Ohio, and Mrs. William Cumming Story, of New York city, for the office of president general. 627 votes were necessary to elect.

Mrs. George Thacher Guernsey, the retiring president general, upon motion of Mrs. J. C. Ames, of Illinois, was elected honorary president general for life. Officers and delegates to the congress raised a purse of $5,000 to establish a scholarship to be known as the Sarah Elizabeth Guernsey scholarship in an Americanization college in her honor.

REFUSES TO HELP IDLE WORKMEN

President Gives Final Setback to Mediation Plans

WILL NOT INTERFERE

Tumulty Advises Strikers to Return to Work—Railroad Companies Discharge Employees.

Washington, April 23.—No interference with the programme or policies of the Railway Labor Board will be made by President Wilson. Visits to the White House both by the brotherhood heads and by leaders of the outlaw organizations were made yesterday following a report from Jersey City that the President intended to intervene in behalf of the strikers.

L. E. Sheppard, of the railway conductors; Warren S. Stone, of the locomotive engineers, and W. N. Doak, who has been prominent in representing the unions before the Railway Labor Board, saw Secretary Tumulty after the Jersey City report gained circulation. They were told by Tumulty that the President had no intention of intervening in the situation.

Later a visit was made to Secretary Tumulty by R. J. Marshall, of Chicago, and J. P. Foley, of Cleveland, as representatives of the outlaw bodies. They presented Tumulty with a letter setting forth their case, which he handed back to them repeating the statement already made to the brotherhood representatives. The outlaw leaders were told that it would be incumbent on them to take up their demands and complaints with the Labor Board in accordance with the order of procedure prescribed by law, as that was the only way in which redress for any wrongs that might exist could be obtained. In the meantime he told them the best thing the men could do would be to go back to work.

Oh, for a look of that sweet face

Deep down in our hearts today
To see once again our darling Frank
Whom God has taken away.
An angel came to gather flowers
To deck the throne of heaven.
They took little Frank, the purest and the fairest,
That God to earth had given.
We watched a sweet rose droop and die,
For want of rain and wondered why
The raindrops, when at last they came,
Could not restore the bloom again
You're like the rose, we are like the rain,
We have wanted you, and called in vain.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

The Ellsworth Athletic Club of Fairfax county, defeated the Cyclops team of this city in a game played yesterday by a score of 19 to 6.

An important meeting of Local No. 369, Iron Shipbuilders and Helpers of America, will be held at 7:30 o'clock tonight at their hall.

Mrs. Sophia Gaines, who has spent the winter with her daughter, Mrs. Charles Nichols, is now the guest of her son, Mr. William Gaines, near Leesburg.

Several sheds in the rear of frame houses on the east side of Henry between King and Prince streets, were destroyed by fire shortly after one o'clock this afternoon. The fire was quickly subdued by the fire department.

Charles W. Moore, who had been in declining health for some time, died at 2:40 this afternoon at his home, southeast corner of Lee and Duke streets. The deceased was 71 years old. He was the second son of the late William S. Moore, and was a machinist by profession. He is survived by his widow and four children—Messrs. Walter and George W. Moore, and Mrs. Daisy Simpson and Mrs. Belle Parker.

Result Gratifying Considering Weather Conditions

The ladies who asked pedestrians on the streets of Alexandria on Saturday to "Buy a Loaf of Bread," to feed the starving orphans in the Near East, wish to thank citizens who respond to their pleas and report that $97.66 was obtained.

The ladies feel that inasmuch as the day was such a stormy one, this return was worth while, obtained as it was in this casual way from people who ventured on the street that day. The amount realized will feed an orphan for 19 months. It is hoped that the people of Alexandria will realize more and more their opportunity to save life among the Christian peoples of a land which has been so sorely oppressed by the tyrant Turk! Shall not they be freed of his amination? What shall America's answer be?

The local chairman is Mr. W. H. Sweeney. Every possible coopoeration should be given to him and his associates, so that Alexandria may with honor discharge her obligations in the role of "Good Samaritan."

KILLS WIFE AND SELF

Jealousy, Heightened by Separation, Said to Have Caused Double Tragedy

Philadelphia, April 23.—The tragic end of 24 years of married life occurred Wednesday in the kitchen of the Archdale Apartments, 101 Arch street, when Frank S. Avery, 45 years old, of 3246 Chestnut street, put a bullet through the brain of his wife, Mrs. Caroline Frances Avery, 42 years old, of 1727 Arch street, and then turned the weapon on himself.

The limp forms of both were found a few moments later, the woman already dead, and the man unconscious. He died four hours later in the Medico-Chirurgical Hospital.

SENATOR SWANSON

"Collapse of Senator Swanson" in large letters was a feature of today's newspapers. The announcement sent anxiety into many souls until they had read the body of the article and realized that Mr. Swanson's condition is not serious. In fact he recovered almost as soon as he collapsed. He had virtually exhausted himself by his incessant labors in the position of Virginia's senior Senator, a position he has filled since the death of Senator Thomas S. Martin. His many friends will rejoice to know that he is in the saddle again, his temporary indisposition having passed away.

Mr. Swanson's physical collapse occurred in the midst of a heated discussion on the Senate floor yesterday afternoon. He was carried into the Democratic cloak room, where Senator Ball, of Delaware, who is a physician, found him suffering from a sudden attack of acute indigestion, complicated with a chronic state of endo carditis, or valvular leaking. He administered aromatic spirits of ammonia, and in a few minutes Senator Swanson regained consciousness, pushed away the volunteer attendant, rose and returned to the chamber. The Senate had adjourned, however, as soon as he collapsed.

The Senate was discussing the River and Harbor bill when Senator Swanson offered an amendment to provide for a survey of the Northwest River in Virginia and North Carolina, with a view to establishing a channel six and one half feet deep.

Senator Pomerene, of Ohio, interposed to say that the project was not a proper one. He read a letter from John Seite, of Chilicotte, Ohio declaring that it was a plan to get the government to provide drainage for some 25,000 acres of rich land owned by D. Baird. Other land owners in that region, he said, were doing their own draining.

In a few seconds, Senator Swanson as if to arise, reeled and slipped from his chair. Senator Reed catching him as he fell. The incident caused excitement on the floor and in the galleries.

It was explained that Senator Swanson has for several years been liable to such attacks. Recently he has been much away from Washington, watching over Mrs. Swanson, who has been critically ill and in a sanitarium. The Senator's general condition had become bad, and the incident of yesterday resulted. It was said yesterday evening that he had entirely recovered.

DARDANELLES FREE TO ALL

The action of the Supreme Council in declaring the Dardanelles free forever as a waterway is one of the manny happy results of the late war. The sleepy Turk is no longer in a position to block one of the main waterways of the world. This he has done for centuries, thanks to other nations, which had continued his house of cards in order to maintain the balance of power in Europe and keep Russia out of Constantinople.

For many years no foreign man of war was allowed to pass through the Dardanelles, the main gateway to the Black Sea. But on one occasion the United States sloop of war Wabash, while engaged in a cruise on the Mediterranean, made her way in to the Dardanelles. She was stopped by one of the forts and the captain told no warships was allowed in the straits. The captain asked upon what authority he was denied entrance, as Turkey was at peace with the world at the time. He was told that an agreement had been entered into by certain Europe nations to exclude all foreign men of war. The captain of the Wabash told the Turkish officials that he purposed to ascend the Dardanelles and go as far as Constantinople, as the United States was not a party to such an agreement. The Wabash proceeded and no attempt was made to stop her. Upon arriving off the Turkish capital they were treated with due courtesy and later the officers were entertained by the officials of Constantinople.

MAKING CRIMINALS

Criticising the methods by which the agents of the Department of Justice obtained evidence against the Reds on trial before him, Judge Anderson, of the Federal District Court at Boston, observed that "the government owned and operated at least a part of the Communist Party." That is to say, some of the activities for which the accused were being prosecuted had been stimulated, and in some cases actually carried on, by the intervention of the department itself. The offenders had been abetted in breaking the law by the very men who brought about their arrest.

There is too much of this sort of thing going on everywhere in the name of the law. The employment of agents provocateurs to trap criminals in an ancient practice, but none the more commendable for that. There are secret methods of police work, of course, which are necessary to gain the confidence of a law breaker to his undoing is a legitimate way of securing his apprehension. The police cannot play the game straight when their adversaries are crooked. But any officer of the law who breaks the law in order to persuade others to do so is as guilty as they.

In the case which led Judge Anderson to condemn the methods of the federal agents, it was clearly shown that these had promoted Communist meetings and distributed Communist pamphlets. Admitting that their intentions may have been good, they done the less injured the cause of law and order which they were supposed to uphold. In other words, they turned Communists into criminals by instigating them to put into practice theories which they could not be punished for merely holding. To make a potential criminal an actual one is to promote crime, not to repress it.

The individual advantage which may sometimes be gained by leading the unbalanced or the vicious to commit acts or which they can be punished does not justify a procedure so distinctly contra bonos mores. The weak should be protected against themselves rather than subjected to temptations they cannot resist. Communism, or any other evil, will be spread instead of checked whenever agents provocateurs are employed. That is one reason why the vice problem in large cities is so often made harder and not easier to solve. Detectives create the offenders in order to arrest them. This is not justice; and justice is what the meanest should have, no less for the sake of society than for their own sake.—(Philadelphia Inquirer.

VIRGINIA NEWS

Danville voted heavily yesterday to change the city government, the general councilmnic form being adopted by a majority of nearly a thousand.

Frank A. Pullen, of Sperryville, is in critical condition in the University Hospital at Charlottesville with a gunshot wound alleged to have been inflicted by a neighbor with whom he had quarreled. A warrant has been issued for the arrest of James P. Atkins.

After missing an engagement at Woodstock Wednesday because of a train wreck, the Walter L. Main circus showed at Harrionburg yesterday Two cars filled with circus horses were derailed near Front Royal. Fourteen of the animals were killed and many others were injured when the two cars went down an embankment. The great weight of a car containing three elephants is said to have kept the remainder of the train on the track. One man was slightly injured. No wreck train being at hand, the circus elephants were used in clearing up the wreckage. A log chain was brought into play, and one of the eelphants thus pulled out an entire side of a car containing the struggling horses, releasing many which might otherwise have smothered.

Rorer A. James, of Danville, was yesterday nominated by Democrats of the Fifth Congressional district, in session at Martinsville, to fill the short term made vacant by the resignation of Representative E. W. Saunders. James won the nomination on the second ballot. He was opposed by M. B. Booker, of Halifax, and Dalton Dilard, of Franklin. James had been mentioned as a candidate for governor.

Discovery of five cars of sugar, aggregating more than 300,000 pounds, stored in warehouses in Richmond, was reported to George E. Wise, Commonwealth's Attorney, this week, by citizens who have been unable to get any sugar for themselves or families at groceries in Richmond. Practically every restaurant, hotel or boarding house in Richmond served sugar in individual packages this week, it was reported, and only very few of the larger groceries in the city had any sugar at all. As high as 25 cents a pound was charged.

Potatoes in Richmond this week were quoted at $12.50 a sack of 150 pounds and were reported as selling on the retail markets at between 10 and 12 cents a pound, according to quality. Potatoes have raised from $11 a bag of 150 pounds to $12.50 within the week. At sixty pounds to the bushel, the highest quality potato is bringing $7.20.

Republicans Take Notice!

The Republican Committee of Alexandria urge upon you the great importance of qualifying yourself to vote in the next presidential election and desire to call your attention to the fact that under the laws of Virginia you cannot vote unless you have paid your poll taxes for the years 1917, 1918 and 1919, PRIOR TO MAY 1, 1920. If you have paid your taxes for the years 1917 and 1918 you will have only to pay for the year 1919, but the poll taxes for the three years mentioned must be paid before May 1, 1920.

It is suggested and urged, that you call immediately on the City Treasurer and the Clerk of the Court and investigate your status as a voter.

If you have not been assessed, go at once to the City Commissioner of Revenue and request assessment, pay your poll tax and then register in the precinct in which you live.

Please make inquiries among your republican friends and send to the Committee promptly the names and addresses of such of them as have not qualified to vote.

Remember that only those who pay can vote. Swearing at the law will hot get your name on the Treasurer's list and registration books. Attend to this at once.

EXAMINE OUR GRADES WHEN CONSIDERING PRICES:

With prices on Lumber and other Building Materials at their present levels, there are many items in the lower grades which can often be substituted satisfactorily and at a considerable saving.

We have become so much impressed with the possibilities of doing this to advantage that we are exercising the greatest care in buying only from those mills who pay the closest attention to the manufacture and grading of their lower priced stocks.

We ask our customers to examine these grades when buying as we believe they will find some excellent values, and a knowledge of what a carefully selected lower grade really is will often prevent the buying of a so-called higher grade at a little under the market price for the high grade, when it is actually a lower grade and can be bought as such.

JOHNNY J. JONES EXPOSITION

But two more days remain to witness the meritorious performance of the Johnny J. Jones Exposition. On Saturday night after the last performance, the horde of workmen with the aid of tractions and teams, will start to dismantle the Joy Plaza and early Sunday morning the "Jones Steel Flyer" as the special train bearing Johnny J. Jones Exposition is known will leave Alexandria, bound for Washington, where they play two weeks.

Incidentally it may be mentioned that in all likelihood Alexandria will not have another opportunity to witness Johnny J. Jones Exposition for sometime to come as Mr. Jones is considering a very flatering proposition received from the Chamber of Commerce of Los Angeles, Cal., to make his winter headquarters in that city. Mr. Jones is inclined to accept the very liberal offer tendered to him as he has never exhibited his exposition in the west and blivs it would prove a most fertile field of operation. Johnny J. Jones Exposition has always been considered a Southern product for the reason that the past eleven years he has made Florida his winter quarters. The past seven years has been spent in Orlando as the resting place and that city, as wewlwl as all of the south would regret losing the citizenship of this same Johnny J. Jones. Mr. Jones is considerable of a real estate holder in Orlando, Fla. and in many ways has proven himself a great booster for the State of his adoption. Johnny J. Jones Exposition is today the biggest and best conducted outdoor amusement in the country and it would, indeed be a loss to the South to lose this enterprising showman and his great aggregation.

I Don't Believe In That

Do you know that one of my patients tells me that such was the answer received when he suggested that a sick friend try chiropractic—Being questioned the friend admitted that he did not know what chiropractic was. Here you see was a case of condemnation before investigation. But such is the world, always was, it used to be flat once, flat as a pan cake—A medical doctor of several years experience was losing his little 6 months old boy, dying with the Flu, in spite of several medical men in Washington, called in consultation—Three days and nights the little life hung in the balance, medical skill had failed. The father had heard what he considered absurd claims of what chiropractors could do in cases of flu and pneumonia; but his own little boy was dying, his own baby—He called a chiropractor and wonders of wonders, in a couple of days the baby was fast on the road to health—Did this open the doctors eyes? Yes, he went and took a course in Chiropractic, is now practicing that science, absolutely without medicine and is building up a magnificent practice in the city of Washington. There is no one so blind as he who will not see. But when a call for a life of some dear one comes right home, ethics and prejudice must go. I am here to accomodate the people of Alexandria.

DARDANTLLES OPENED

Supreme Council Puts ontrol in Hand of Two Commissions

San Remo, April 23.—The plans for the control of the Dardanelles were formulated by the Supreme Council at yesterday's exercised by two internaitonal commissions.

One of these an administrative body, will regulate the traffic, fix the dues for the use of the straits and supervise affairs generally much the same as the Suez Canal Commission does for the Suez water way.

Teh other body will be a military commission having at its disposition forces which will be located in part of the Gallipoli Peninsula and in part on the other side of the Straits.

The passage of these Straits will be declared to be forever free to the world's shipping during either peace or war. It does not appear that the United States will be represented on the commissions.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

SWANSON HAS COLLAPSE

Senior Virginia Senator Faints as he Rises to Answer Attack

Following a severe arraignment by Senator Pomerene, of Ohio, of his proposed amendment to the Rivers and Harbors bill, Senator Swanson, senior Senator from Virginia, collapsed in a dead faint as he rose to reply in the Senate yesterday afternoon. As he started to fall he was caught by Senator Reed, of Missouri, and lowered into his chair.

Senator Ball, of Delaware, who is a physician, was hastily summoned from a conference and administered restoratives. As he gradually recovered consciousness on a couch in the Democratic cloakroom, Senator Swanson insisted that he would resume his seat and go on with the debate. The Senate, however, adjourned.

Senator Swanson was carried into the Democratic cloak room by a group of Senators while a motion was at once made and carried for adjournment.

After recovering from his collapse Senator Swanson resumed his seat in the Senate in a few minutes. Senator Pomerene shook hands with him and expressed regret that the debate should have caused his illness. A cab was summoned and the Virginia Senator taken to his home on R street.
